THE HOME PAPER

TO DEDICATE MONUMENT SUNDAY

MONTGOMERY TO QUALIFY AS JACKSON JUDGE

WILL SET DATE FOR HEARING OF
ARGUMENTS IN DEFENSE
MOTION TO QUASH
INDICTMENTS

ARE CHARGED WITH BRIBERY

It Was Believed That Defendants
Will Stress The Pleas That
Statute Of Limitations
Should Operate

INDIANAPOLIS, Nov. 17.—(INS)—Judge Oscar H. Montgomery, special judge in the case against Governor Ed Jackson, has set November 28, at 9:30 o'clock, as the date of hearing arguments on the motions of attorneys for the Governor to quash the indictment.

INDIANAPOLIS, Ind., Nov. 17.—(INS)—Special Judge Oscar H. Montgomery of Seymour, Ind., this afternoon was to qualify as trial judge in the cases of Governor Ed. Jackson, Robert I. Marsh, his former law partner and George V. Coffin, Republican chairman of Marion County, who are charged with attempted bribery of former Governor Warren T. McCray.

Date for hearing of arguments in the defense motion to quash charges was to be set by Judge Montgomery.

It was believed that the defense will stress the plea that the statute of limitations should operate, inasmuch as the alleged offer of \$10,000 and legal immunity if he would name a Marion County prosecutor favored by the defendants, occurred in 1923, more than two years ago.

Prosecutors however contend there is evidence that the defendants tried to conceal the alleged crime, a process that would nullify the limitations statute.

MISS TILLOTSON SPEAKS
ON RECENT TRIP ABROAD

The Business and Professional Women's Club held their regular monthly dinner meeting in Marie's Tea room last night and had as a feature of the program an address by Miss Catherine Tillotson. Miss Tillotson gave a very entertaining account of her European trip of the past summer.

The doll collection project brought a generous response from the members. The dolls are to be delivered to children of orphan homes or to vicinities where children are little remembered in this way. The project is a national one, and its purpose is to brighten the lives of little folks at this time. The dolls will be distributed Thanksgiving Day.

A report on the Rummage Sale last Saturday showed a profit for the club of \$55.30.

Letters urging the Greencastle members to attend the Tri-State District Convention of Business and Professional Women's Clubs at Fort Wayne, November 26 and 27, were read. Lucy Bowen, president, is urging as many as possible to attend, as Indiana is hostess to the other two states, Illinois and Ohio.

FINDS FOR DEFENDANTS
IN GAME CHARGE SUIT

A finding for the defendants was rendered in city court this morning by Mayor Charles McGaughey in the case of John Heckathorn and Otis Perkins, both of near Clayton, charged with hunting without a license. The defendants were represented by attorney A. M. Watkins, of Danville, and maintained that they were not hunting at the time they were arrested last Friday. Both defendants said they were trading guns and not hunting. Game wardens Watson and Pyle made the arrest.

DEDICATION SPEAKER

PAUL V. McNUTT

Paul V. McNutt, of Bloomington, Commander of the Indiana Department of The American Legion, will make the principal address at the dedication of the World War Memorial at Greencastle at 2:00 o'clock Sunday afternoon. It was announced today.

The monument was erected by the county and will be formally presented Sunday afternoon by the Rev. C. Fenwick Reed and accepted by the Mayor of Greencastle. A large gathering of ex-service men and citizens are expected to attend the exercises in which the newly completed memorial will be dedicated.

Commander McNutt, elected commander of the American Legion department of Indiana, has the prestige of being the youngest Indiana university faculty member to be made a dean, a distinction which he gained with his appointment as dean of the law school upon the resignation of Charles McGuffey in May, 1925. He is 35 years old.

His rapid rise in army service is closely paralleled by his rapid advancement in scholastic standing. He holds among his honor the more coveted of academic distinctions. He is a member of the Phi Beta Kappa, Phi Delta Phi and order of Coif, honorary scholastic fraternities and was a teaching fellow of Harvard.

Mr. McNutt obtained the degree A. B. from Indiana university with high class honors in 1913 and the degree LL.B. from Harvard in 1916. In 1917 he was appointed to an assistant professorship of the law at the state college from which he resigned to enter the war service.

At the beginning of the war Commander McNutt was commissioned captain of field artillery at the first training camp at Fort Benjamin Harrison and was promoted three succeeding grades to Lieutenant Colonel. After the war he was commissioned colonel of field artillery and assigned

MAYOR MCGAUGHEY TO ACCEPT

Large Gathering Of Ex-Servicemen Are Expected To Attend The Service—Presentation To Be Made By The Rev. Fenwick Reed

The Putnam County Gold Star Memorial for the boys who gave their lives in the World War will be unveiled Sunday afternoon at 2 o'clock. A splendid, but brief program for the ceremonies has been arranged and large numbers of people not only from Putnam County, but other nearby counties are expected. The chief speaker will be Dean Paul V. McNutt, ex-commander of the Indiana department of the American Legion and Dean of the Indiana University Law School. Dean McNutt was colonel during the war and is well known here in Putnam County, being a cousin of Mrs. W. O. Timmons and Mrs. Mayheer Rubusch of Greencastle. Colonel McNutt as commander of the Bloomington Post of the American Legion made it one of the largest and liveliest posts in the state and as a result of his fine work there was elected state commander of the Legion. In that office, he lived up to his reputation of ability and raised the state Legion many steps in the membership standings of the states. He is a splendid speaker and his address will be the main part of the program Sunday.

All who have seen the Memorial as it is now being completed by Fred S. Banks, boulder expert extraordinaire from Culver, Ind., are enthusiastic over its beauty, impressiveness, and appropriateness. "The Spirit of the American Doughboy," designed by the Spencer, Ind. sculptor, E. M. Viquesney, is a masterpiece of realism, depicting in every line and feature the American Doughboy in his fight to bring peace to a war-torn world. From the hob-nails on his shoes to the wrapped leggings, gas-mask and overseas cap cocked on one corner, he is the Doughboy, well declared the New Orleans National Convention of the American Legion to be 100 percent perfect. It is hoped that Mr. Viquesney may be present for the unveiling.

As a fitting support for the bronze Doughboy, is the massive split-boulder base, designed and constructed by Mr. Banks. It is built of choice boulders from this and other counties in Indiana, an effort having been made to get boulders from every township in this county. In the opinion of those who have seen other examples of bases for the doughboy, this far outshines even more expensive monuments and will be a thing of art of which Putnam County will long be proud. On the south side of the base is a beautiful St. Cloud, Minnesota Granite block with one bronze star for each Putnam County boy who made the supreme sacrifice, twenty-two in all. On the bronze tablet below are given their names and the statement that Putnam shows in this memorial that we do remember.

Those who gave their lives and whose names appear on this bronze tablet are as follows: Michael A. Ader, Fred Adkins, Levi F. Aker, Ralph E. Arnold, Homer B. Austin, Ralph D. Boone, Lee R. Collins, Dwight Ford, Millard E. Gibson, Andrew Hays, Clyde A. Hurst, Charles H. Laslie, Raymond E. McCamack, Ernest McVay, Byford T. Montgomery, Harry R. Moore, Clarence A. Patrick, John H. Sanders, Carl W. Scribner, Perry B. Snider, Garnie M. Timmons, Elbert R. Thomas.

The program will start promptly at 2 o'clock and due to the season will not last over an hour. If the weather

MISSIONARY SOCIETY

The 49th annual meeting of the
Woman's Foreign Missionary Society
of the Methodist Church was held in
Ladoga, November 11.

The usual amenities were observed
in the opening session by the formal
reception of the delegates and an ex-
change of fraternal greetings—but
the time was for the most part given
over to business, as contrary to our
usual custom, the meeting was limit-

ed to one day.

There was a large attendance from
over the district, and a marked inter-
est in the detail of the year's work,
as revealed by the reports of the var-
ious department heads. Mrs. Ida H.
Cline, the conference secretary, was
present and brought good cheer and
encouragement as she outlined the
plans for the coming year. They are
essentially the same as heretofore—
Christmas stewardship being the goal
toward which we are striving. Her
appeal was strengthened by the vis-
ible object lesson of the stewardship
arches of Greencastle district—
stretched along the wall. These blue
arches are insignia of the "Order of
the King's Highway," a plan devised
by the Northwestern Branch for
bringing the various necessary phases
of missionary work into a system-
atic relationship, and fulfillment.

There were sixteen of these arches,
only one of which (the Rockville aux-
iliary) was covered, showing they
met all the requirements of prayer,
personality, and possession. The effect
was to inspire a desire to pray more,
to work harder and to give more
largely, not only that the plans of our
leaders may be availing but that the
cause of Christ may be glorified in
that whereunto he hath sent us.

One interesting item of Mrs. Cline's
report was that the Little Light-
bearers of Ben Davis in this district,
were the champion organization of
the Branch, giving more per capita
than any other.

The report of Mrs. Milman, the cor-
responding secretary, showed new
patrons for the year, six of whom
belong to Greencastle. These patrons
are secured by the payment of five
dollars, and this money is used as a
retiring fund for returned mission-
aries. It may be applied on our an-
nual pledge.

The pledge assumed by the Green-
castle Auxiliary was the same as for
last year, \$700.

A unique feature of the program
was an umbrella parade, staged by
Mrs. Milman, showing by pendant
colored discs, the work accomplished
by each auxiliary represented.

Just at noon a service of consecra-
tion and communion was observed,
conducted by Dr. A. T. Briggs and
visiting pastors. At 4 o'clock came
the children's hour followed by a ban-
quet for the junior organizations.

Miss Ruth Myers, returned mis-
sionary was present and gave the ad-
dress of the evening session.

There were but few changes made
in the list of officers. Mrs. Peck of
Clayton was re-elected president;
Mrs. Milman of Terre Haute, cor-
responding secretary; and Mrs. Knight
of Coatesville, recording secretary.
Mrs. Pitkin of this city, was made
vice president, and Mrs. C. Howard
Taylor, one of the group leaders.
Among those attending from here
were Mesdames Pitkin, Taylor, Mc-
Lean, Payne, Reeves, Krehl, Ogg,
Gray, Arnold, Dr. A. T. Briggs and
others.

the first time in 22 years and I think
any medicine that can make such a

indigestion pains and spells of nausea
and my stomach was always sore. I
had to be awful careful about eating

burn like fire after meals. I consulted
with the best doctors and tried medi-
cine upon medicine, but nothing
helped until I started taking Kon-

I never suffer afterward and the ir-

THE MULE WAS NOT IN A PLEASANT MOOD

SHELBYVILLE, Ind., Nov. 16.—
Ernest Snyder, farmer living west of
here, will spend several days in the
hospital recovering from a fracture
of the jaw and right cheek bone caus-
ed by the kick of a mule. The mule
was being used by Mr. Snyder on
work in the corn field, and had not
been in good humor. As Mr. Snyder
was reprimanding the animal for not
obeying his behests, the mule lifted

one rear leg and pushed its hoof into
Mr. Snyder's face. He was uncon-
scious for some time.

24 Hours Ends COLDS

A "common cold" may result in grippe
or flu. At the very first sign, go to a drug
store and get a box of HILL'S. Take
promptly. HILL'S breaks up a cold in
24 hours because it does the four vital
things at once—stops the cold, checks
the fever, opens the bowels and tones
the system. Red box, 30 cents.

The Pure McCoy!

Pardon the slang; we're a bit
excited.

We can't keep our enthusiasm
for this New Goodyear Tire be-
low a college cheer!

They said—when they announ-
ced—that its "The Greatest Tire
in the World!"

That's putting it about as
strong as you can in good Eng-
lish.

But when you see this tire—

when you know what this new-
type tread specially designed
for balloon wear really means
to you—you'll get pepped-up,
too.

No more skidding, no more un-
even and fast tread wear, no
more of the things that have
made some fellows say of other
balloons, "I'd almost as soon
have old-fashioned tires."

It's the pure McCoy! That's all.
See it and you'll say the same.

HE COUGHED SO BAD PEOPLE STARED-HAD TO LEAVE "MOVIE"

His Cough Worried Family Ordinary
Remedies Did Him No

Good

COUGHED WORSE NIGHTS
OR WHEN INDOORS

"My husband months ago saw a
doctor and was told there was nothing
wrong with him but that cough
clung to him night and day. He would
come from outdoors into a theatre
or the house and soon he'd be hacking
and barking terrible. Right in the
midst of a movie he'd have to leave
his seat. Neighbors commented on it.

He even took Cod Liver Oil, al-
though he hated it, and quit before it
did him any good. I finally told our
doctor and he said: "Men are all alike
and you can't blame him much so go

get him a big bottle of Linoline, it is
a nice tasting Flaxseed, Eucalyptus,
etc., mixture far better than Cod Liver
Oil and works quick.

RESULTS WONDERFUL

"He before 'Linoline' so well he took
it before meals until the whole bottle
was gone. It not only stopped his
cough—it built him up fine. I never
saw medicine work such wonders be-
fore. Anybody with a cold or cough
should use Linoline—and children
love it."

A cough is dangerous this time of
year. Well stocked druggists have
Linoline, 50c or \$1.00 sizes—or send
dollar bill for large bottle parcels

MOTHER OF MRS. CASSLER BURIED HERE TUESDAY

Death Sunday wrote a tragic finale to the long fight of Mrs. Louisa McAninch, of Coatesville, to save her daughter Mrs. Catherine Cassler, of Chicago from the gallows. The latter is under sentence to hang for the alleged murder of William Lindstrom, cabinet maker. Worrying over the probable fate of her daughter is said to have contributed to the final illness of Mrs. McAninch.

At the St. Paul's Catholic Church in this city Tuesday morning, last rites for Mrs. McAninch were held after which the body was taken to Coatesville for burial in Coatesville beside the body of a son who preceded her in death several years ago.

Mrs. McAninch died at St. Francis Hospital in Indianapolis Sunday morning after a short illness. Although in ill health for some time Mrs. McAninch's death was rather unexpected. She had been in the hospital only a short time. The body was taken to Coatesville Monday and the funeral held here Tuesday morning at 9 o'clock.

Mr. McAninch met his wife in Chicago many years ago while employed on the Illinois Central railroad. At the time of the marriage Mrs. McAninch had a daughter by a former marriage. This daughter is Mrs. Catherine Cassler, now under sentence to hang in Chicago.

Besides Mrs. Cassler, Mrs. McAninch is survived by a son J. D. McAninch, who is employed in Chicago. Mr. McAninch, the husband, also is employed as a conductor on a railroad running out of Chicago. Although a native of Coatesville Mr. McAninch was a railroad man and while employed in this capacity met Mrs. McAninch. He later retired and the couple removed to Coatesville where they had lived since. About a month ago Mr. McAninch resumed his railroad work and at the time of his wife's death was in Chicago. Her death was entirely unexpected by the husband and close relatives. She was 53 years old.

Mrs. Cassler, the daughter, is under sentence of death by hanging in Chicago for the alleged murder of William Lindstrom, cabinet maker in an alleged plot to collect his insurance. She was implicated and convicted on the testimony of Loren Patrick and Mrs. Lillian Frazier, both of whom are now serving life sentences for the murder. Mrs. Cassler was likewise promised a life sentence instead of hanging if she would confess her part in the plot. Mrs. Cassler, however, has refused to confess and has stoutly maintained her innocence.

MILT NAUGHGLE MANGLED EARLY WEDNESDAY MORNING

Milton Naughgle, age 66 years, for the past fourteen years a crossing watchman for the Monon railroad, whose duty it was to guard the safety of other, not his death at the crossing on North Jackson street at 6:42 o'clock Wednesday morning when a southbound freight engine caught him as he started to work and cut his body in two at the hips.

His death followed close on the heels of his wife's death the latter having passed away September 12, just two months ago. Mr. Naughgle who has been in feeble health since he was injured in an automobile accident at the same crossing June 5, 1926, was starting to work Wednesday morning for the first time in several weeks, when the fatal tragedy occurred.

In feeble health and thinking the train was due Mr. Naughgle apparently ignored the southbound freight train which was running slightly ahead of time. The train was going slowly and caught the watchman as he crossed. His body was dismembered at the hips.

Section hands starting to work witnessed the horrible tragedy but were helpless to prevent it. The watchman walked directly in front of the slowly moving train meeting his death instantly beneath the wheels. The horrible mangled body was taken in charge by undertaker J. E. McCurry and removed to the Funeral Home.

According to Mrs. Elmer Naughgle, of Indianapolis a daughter-in-law, Mr. Naughgle recently had expressed the wish that he might die suddenly rather than pass away after a lingering illness.

Mr. Naughgle since the death of his wife had lived alone just across the tracks from the watchman's shanty where he worked during the day. A daughter-in-law who has been keeping house for him since the death of his wife, returned home a few days ago.

In June, 1926, Mr. Naughgle was run over and badly injured when driven by a Charles James of Parke County, hit him at the crossing. Since that time he has been in feeble health, never having recovered from injuries suffered in the accident.

Born in Cloverdale Mr. Naughgle spent his early life there. For twenty-five years has been an employee of the Monon railroad and for the past fourteen years has been a watchman at the north Jackson street crossing.

The train was No. 17 in charge of Conductor Ellsworth Davis. The train crew stopped but went on after leaving word they would return later in the day for questioning.

Mr. Naughgle is survived by two children, Mrs. Ethel Coffman, who lives three miles east of town, and Edgar Naughgle, of Indianapolis. Three step-children, Mrs. Will Thrasher and Claude and Lawrence Ash, all of Greencastle; six grandchildren and a sister, Mrs. Lucille Gregg, of Danville, Ill., also survive.

The Gratton girl had gone to a dance and had returned home about 3 a. m. Sunday to find both the front and rear doors of her home locked. Unable to arouse her parents the girl had decided to spend the night with Viola next door.

Viola was aroused by the noise made by Miss Gratton in trying to open the window and woke her father. Pierce, who is deaf, got a .38 caliber revolver, approached the window and as he saw a dim figure astride the window sill fired at it point blank.

MILLIGAN YOUNG BADLY INJURED WHEN RUN DOWN

Milligan Young, age about 60 years employed at the Ellis & Co. Feed store, west Franklin street, was seriously injured Monday morning at near 11:30 o'clock when he was hit and knocked down by an automobile driven by Mrs. John Young.

Mr. Young had just started to the feed store from the garage where he had gone for his automobile. He parked it on the south side of the street from the feed store and as he started to walk across the street, he saw in front of the store some Indianapolis friends. His attention attracted by these friends, he evidently did not see Mrs. Young who was driving down the street and he stepped directly in front of the approaching car.

He was knocked down, but not run over. His head struck the hard pavement with great force.

Mrs. Young attempted to avoid striking Mr. Young by applying the brakes but as her car was running down hill she was unable to stop it quick enough to avoid the accident.

Dr. Tucker was called and Mr. Young was taken to his home on south College avenue. From preliminary examination it is believed that Mr. Young's injuries are not dangerous. He suffered a severe concussion but it is believed that there is no fracture of the skull.

REV. BRUNER TO BE SPEAKER AT THANKSGIVING

The annual joint service of Greencastle churches at Thanksgiving will be held in the Methodist Church, it was announced Monday. Rev. B. H. Bruner, pastor of the Christian Church, will be the speaker.

The services, usually held at 10 o'clock in the morning, are attended by congregations of all local churches. A full program of the meeting will be announced later.

GREENCASTLE'S NEW AMUSEMENT PLACE DEDICATED

Greencastle's new Motion Picture Theater, "The Granada," operated by the H. E. McCarrell Enterprises, Inc. is being officially opened to the public today with the First National Picture, "The Stolen Bride," with Lloyd Hughes; "First Run News" and a Lloyd Hamilton comedy.

And with the opening of the new Motion Picture theater, Greencastle has a project which not only is a substantial business enterprise but one of the "show" places of not only this town, but the entire state and surrounding states. For it is doubtful if there is an equally beautiful and attractive theater in a town many times the size of Greencastle in Indiana and surrounding states.

The Opera House has not been remodelled—it has been rebuilt. And a great surprise awaits those who visit this delightfully modern and attractive show house. Everything is new including the arrangement, fittings and decorations.

In fact words are inadequate to describe the beauty of Greencastle's new place of amusement. As one enters "The Granada" his first impression is one of wonder and amazement. How could it have been done; how could the Opera house been transformed into this marvel of beauty and comfort.

"The Granada." The very name gives you the idea—a theater of Spanish type. And as you leave the sidewalk and enter the lobby you note that even the most minute details of the type have been carried out by the architect. The entrance doors old in appearance with dashes of high coloring are truly Spanish. A California Sunset tile flooring on the lobby, medieval iron lighting fixtures; beamed and decorated ceiling, embellished with much coloring give a Spanish type charm.

And then you enter the foyer which depicts a Spanish home interior. It is an elaborate Spanish interior, too. The walls are of rough type decorated in gold. Heavily covered with red and black carpet; black and gold window and door hangings with wrought iron lighting fixtures; turned window grills, each carrying out the Spanish type give the foyer a most attractive air of comfort and beauty.

In the south wall of the foyer a stone archway surrounds a drinking fountain and cut glass mirror over which hangs a bronze lantern. On either side of the mirror are wall niches containing bronze and pearl shells as lighting fixtures.

To the right a grand stairway, heavily carpeted, and with bright red hand rail and balustrade of Spanish iron type lead to the upper floor. Off the north end of the foyer is the ladies' rest room in blue and red decorations, with Spanish bench, dressing table and mirror, wash room and toilet. Entering the main auditorium the "under the balcony" portion represents the porch of the Spanish home depicted in the foyer. On either side is the garden wall, while out from under the balcony the scene depicted is a court yard in a Spanish town.

And here lies one of the most beautiful and attractive features of the new theater. For here you get the full effect of the "atmospheric theater". Instead of a ceiling over you, you get the effect of the open sky. Stars twinkle and clouds float by in the blue sky. You seem to look into the impetuous heavens.

And on either side are two Spanish houses, each of a different type. The second floor of the house next to the stage on the right houses the organ loft in which will be installed the new three manual Wicks organ now being manufactured and promised for immediate delivery. Each of the Spanish houses carry out the Spanish

decorative idea most attractively. In the distance behind the house on the left rises a Spanish bell tower in which a Western Union clock will be installed. The stage entrance is a Spanish garden gate. Bright colored awnings, balconies, exterior lighting, lanterns, Spanish draperies, tile roofs lighted windows and grills, ornamental niches, with flower boxes add attractiveness in carrying out the true Spanish design of the houses.

The proscenium arch depicts a triumphal arch across a Spanish street. Decorated columns with a tile roof and a drop curtain carrying out a continuation of the garden scene of the auditorium, continues the decorative scheme. Stage settings are of velvet and velour.

Dim lights for the theater are furnished through the curtained windows of the Spanish homes.

Comfortable theater chairs, upholstered in blue Spanish leather give comfort and perfect stage vision.

Emergency exits are through the doors of the Spanish houses.

The orchestra pit is sufficiently large for an entire orchestra and the organ console. Under the stage there have been built modern dressing and trunk rooms sufficiently large to accommodate any road show which the management might book.

Leaving the main floor by the Grand Stairway leading from the foyer, you reach the mezzanine floor, in which is carried out the Spanish interior decorations as in the foyer below. Here we find Spanish furnishings, a floor covering of the same heavy carpet as below, comfortable chairs and lounging accommodations making an ideal meeting and lounging place. Toilets for each men and women are off the mezzanine.

The balcony is fronted with a series of five loges, each containing eight rear armed chairs, with cushions which give additional comfort and refinement. These afford, not only the best seats in the house, but are especially attractive for theater parties. Of course they are carpeted as are the aisles of the theater.

Garden walls carry through the garden idea while, at the rear of the balcony, a large awning gives an impression of a porch.

The construction which started this summer was done entirely by Greencastle labor and Greencastle sold materials as far as possible, only the special materials and workmanship not available here being brought from outside.

M. C. Pritchett of Bedford, an architect, has been in charge of the work. The company operates seven houses in the state and is recognized as one of the larger motion picture amusement concerns in the state. H. E. McCarrell is active in the management of the group of theatres and William Blanchard will be the local manager of "The Granada."

LOCAL PASTOR GETS CALL FROM CALVARY CHURCH

The Rev. Isom H. Ferris, for the past two and one-half years, pastor of the First Baptist Church of Greencastle, has received a call to become pastor of the Calvary Baptist Church at Indianapolis. Acceptance of the new pastorate by Rev. Ferris depends upon the action of the local church in releasing him.

The Calvary Baptist Church reported a membership of 875 persons last year and is noted for the large number of ministers it has sent out. Sixteen men, now pastors, have gone out from this church. In the past three years it has had the largest number of additions of any Baptist Church in the state.

The new pastorate would offer the local minister a challenging field with unlimited opportunity and much hard work. The Rev. Everett Dumond is associate pastor of the church, since the field demands more than any one minister can care for.

The Rev. Mr. Ferris came to the local church from Pleasant Lake, Ind., and prior to that time held pastorates at Alexandria, Tabernacle Church, Indianapolis, and at Kewanee, Ind. Since coming here the local church has shown a steady growth, the building program has been carried on and some of the building in-

debtedness has been paid off. A large number of additions have been made to the church since Rev. Ferris accepted the pastorate.

Rev. Ferris is a graduate of Franklin College and the Southern Baptist Theological Seminary. Since coming here he has been doing special graduate work in the local University as his duties permitted.

The Baptist minister and his family have made a host of friends here and local townspeople as well as the First Baptist Church congregation are hoping he can be made to reconsider his resignation and remain in his present capacity. He has always taken an active part in local ministerial affairs and is one of the most promising leaders the local Baptist Church has had in a number of years.

LOW GRADE OF LITERATURE IS DENOUNCED

"We will never secure better results in conduct from our young people until we furnish a better type of instruction based on scientific problem analysis," said Dr. Norman Richardson, of Northwestern University, in the closing address of the County Sunday School Convention at the Presbyterian Church, Sunday afternoon.

Dr. Richardson gave an inspiring and instructive address in which he presented the findings of a survey which has been conducted among thousands of boys and girls of high school age to determine the nature of the moral problems which children have to face. As a result of this survey text material called "Adventures in Living" has been prepared to give a scientific basis for instructing these young people in right conduct.

Many letters written by high school students stating the temptations and moral problems of their lives were presented by the speaker and he denounced the low grade of literature and motion pictures which contributed to a distorted idea of sane and pure living.

The afternoon session was opened by a worship period conducted by Prof. E. R. Bartlett with the assistance of Prof. Gustave Arit at the organ. The report of the nominating committee was given by Lester A. Miller of Floyd township. The new officers are Prof. L. E. Mitchell, president; first vice president, Howard Hostetter; second vice president, Mrs. Elmer Farmer; third vice president, L. A. Miller; secretary-treasurer, Miss Martha Mick; adult division superintendent, Prof. G. B. Manhart; young people, Miss Jane Farmer; children, Mrs. James Skelton; education, Prof. E. R. Bartlett; administration, R. A. Ogg.

Prof. R. A. Ogg gave a short but impressive address to the new officers in which he paid a tribute to the fine and sacrificial service of the men and women who give of their time and energy to this voluntary and unpaid service to the Sunday Schools of the county.

Dr. E. T. Albertson, secretary of the Indiana Council of Religious Education, spoke of the state work and of the state convention which will be held at Logansport on June 19, 20 and 21.

Prof. Mitchell announced that the banner for the most efficient Sunday School in the county would not be awarded until Dec. 1, due to the fact that all of the data had not been forwarded to the county secretary previous to the convention.

Delegates from twenty Sunday Schools were present at the different sessions of the conference.

TIGERS DEFEAT CENTRAL NORMAL BY 19-14 SCORE

Central Normal's Purple and White warriors from Danville fought gamely but in vain Saturday afternoon the DePauw football team winning, 19 to 14. The visitors put up a hard fight from the first kickoff and the Tigers held only a slim lead of 6-0 at the half. The Teachers came back strong in the third period and lead the Old Gold 14-13 for a short time in the fourth quarter, before the locals shoved across the winning touchdown.

The battle see-sawed back and forth during the opening half with DePauw making eleven first downs to Danville's two. The Tigers, however, could not score until about the middle of about the second period when Scott crashed through on a line plunge. Taylor's kick fell short for the point after touchdown.

At the start of the third quarter, the DePauw gridmen marched steadily down the field with Sheets carrying the pigskin over the goal line after Normal held for three downs on the one-yard line. Crawley made good the extra point on a forward pass.

Danville came to life with the score 13-0 against them. On a series of forward passes and end runs, Bratton, visiting full back, went over and Franklin drop-kicked for the additional point. Normal continued to carry the fight into DePauw territory and the third period ended with the ball in Danville's possession on the two-yard line. The Teachers crossed the goal line on three plunges at the opening of the final quarter. Two hundred Danville fans went wild with the score standing 14 to 13 in Normals favor.

Coach Bish Hughes sent in his regulars and DePauw braced. Capt. Anderson nabbed a forward pass which put the ball on Danville's twenty-five yard line. On the next play, Brandenburg, flashy half, went around right end for the winning touchdown. The game ended with the ball in Danville possession on DePauw's fifteen-yard line.

For DePauw, Taylor and Firebaugh in the line and Brandenburg and Crawley in the back field were outstanding. Bratton, Franklin and Walls were the best performers for Central Normal.

PUNCH BOARDS RULED OUT BY CITY MARSHAL

Marshal David Braden Saturday ordered two punchboards removed from local establishments and on Monday announced that punchboards and similar unlawful devices would be ruled out of the city. The annual holiday season usually brings a number of these devices to the city but they will not be tolerated this year, according to the officer.

IMPRISONED MAN RESCUED ALIVE FROM DEEP WELL

DELPHI, Ind., Nov. 15.—(INS)—A crew of 200 men working frantically in shifts all night, reached Oliver Roth, 72, early today, after he had been imprisoned since noon yesterday by a cave in the depth of a well on the David Anderson farm, north of here.

Little injured, Roth was dug out after cave-ins had foiled the rescuers time and again as they were on the verge of success.

More than 2,000 persons from this vicinity crowded the farm last night while the rescuers toiled to remove Roth, who was imprisoned when the sides of a well, which he was repairing, fell in.

Battery F. national guard unit, stood guard to hold back the crowd and keep it from interfering with rescue operations.

Roth was taken immediately to his farm home, Rossville.

Doctors and nurses waited while the crew of 200 men dug out rocks and dirt, in the glare of lights from a

line of automobiles that ringed the ruins of the well.

Anderson and his son were working with Roth at the time of the accident. Roth, a professional well repairer, was straightening tile, fifteen feet underground, when the whole wall collapsed. Anderson gave the alarm to neighbors and to Sheriff Riley Sink, of Delphi, who took charge of the rescue.

"As fast as we dug down to him, the earth would crumble in again, and we were afraid his air would cut off," Sheriff Sink said.

Roth was conscious when taken out but suffering from shock and strain.

FARM BUREAU ADOPTS NEW SEAL FOR MEMBERS

The Indiana Farm Bureau has adopted a new seal or insignia for all its letterheads and letters and other stationery. The insignia is in a circular form with the words "Arm the Farm" at the top of the outer edge of the circle and "Indiana Farm Bureau" at the foot of the circle. In the circle is a raised arm with a clinched fist.

DISPLAY OF FLAGS ONLY MARK OF ARMISTICE DAY

A general display of marchants of the American flag was the only marked observance of Armistice Day in Greencastle. Armistice day this year, marked the ninth anniversary of the close of the World War. Several merchants, the banks and some barber shops and offices in the Court House, were closed all day in commemoration of the day.

HUNTERS TAKE TO WOODS FRIDAY; MANY SEEK LICENSE

Because of the fact that Friday was observed as a holiday many local nimrods took to the woods on hunting expeditions during the day. Although all other offices in the Court House were closed, County Clerk Ferd Lucas kept his office open until noon. Many belated hunters came to the office seeking hunting permits. At 10 o'clock in the forenoon the clerk had sold twenty.

AMERICA WON WORLD WAR SAYS SOWERS

HARDINSBURG, Kentucky, November 11.—(INS)—The United States won the world war Dan Sowers, director of the National Americanism Commission, declared in an Armistice Day speech dedicating the Breckinridge County Memorial Athletic and Recreation here today and pleading for American military preparedness.

"Let me picture for you now, nine years after the war ended just how much of a victory the American forces did win," Sowers said. "As we get farther away from the war there seems to be a tendency in some countries to refer to the part the United States played as, well, only a part after all. I say to you, that if it had not been for the fighting qualities of the Americans, their unconquerable spirit of plunging in and fighting it out in the open, the allied nations would have been defeated."

The speaker sketched the series of brilliant American victories which broke the German battle lines and which shattered the German morale and ended in the armistice.

"There are some men who, believe that swift courageous action on the part of America had this country been prepared in trained men, in strong ships and munition, would have prevented the great conflict. Whether that be true then or not I cannot say and it is of little importance now except for the lesson it taught. But I do say, that no nation and no group of nations, today or tomorrow will be able to plunge the world into war without America's consent if we have the leaders who will say so," Sowers stated.

"To maintain that leadership into which he have been thrust by the conclusion of the world war, making us the credit nation of the world, we must not allow ourselves to become so weak that we invite attack. In demanding an army and a navy adequate for the protection of our country the American Legion is not advocating a militarist regime. The Legion has a voice in this matter because its members know only too well what it means to go into battle unprepared."

GREATHOUSE IS NOT A CANDIDATE FOR GOVERNOR

INDIANAPOLIS, Nov. 11.—Charles A. Greathouse, Democratic national committeeman for Indiana, yesterday declared he is not a candidate for Democratic nomination for Governor in 1928, thereby removing from the field one of the most discussed possibilities.

Greathouse issued this statement: "I am not a candidate for the Democratic nomination for Governor. I desire to express my sincere appreciation to the Democratic men and women in the several districts of the State for their generous expressions of support in the event I decided to make the race."

"My decision not to become a candidate is made in the face of the fact that prospects for a Democratic victory in Indiana were never brighter. In declining to become a candidate, I am actuated solely, by personal considerations."

ENGLAND SILENT TWO MINUTES IN HONOR OF THEIR WAR DEAD

LONDON, Nov. 11.—(INS)—The English nation today bowed its head in silent prayer for two minutes in memory of its "Glorious Dead."

On this, the ninth anniversary of the signing of the Armistice which terminated the worst war in history, Englishmen once again temporarily forgot unemployment, industrial, political and other troubles while all creeds and classes joined in common tribute to the million Englishmen who "never came back."

Contrary to expectations, there was no sign anywhere of a falling off in the reverential attention due to the occasion. Mothers again wore medals won by their sons, veterans again donned grimed uniforms and

proudly displayed decorations, and crowds gathered at local war memorials to lay wreaths in tribute to the fallen.

The actual hour of the signing 11 A. M.—was everywhere recognized by a two minute silence, during which every form of transport except railroads were halted and even the telegraphs and telephones were silent.

As in former years the nation's biggest and most impressive ceremony was held at the Cenotaph, Britain's unified memorial to her war dead in Whitehall, London. Countless thousands of persons crowded into those dignified thoroughfares to witness the ceremony and observe the silence.

The scene at the Cenotaph was a memorable one. King George, his sons, his high admirals, generals and statesmen, and those most representative of his subjects—all were there, together with those of the general public who could squeeze into the limited space of the immediate vicinity.

JAMES MURDOCK CAPTAINS DEPAUW SWIMMING TEAM

James Murdock has been elected captain of the DePauw swimming team this year, to succeed Donald Hawkins, who failed to return to school.

Murdock was the star diver for DePauw last year and one of the high point men of the squad.

The first meet of the year will be held on December 10, with Richmond Y. M. C. A. Last year the DePauw splashes handed a defeat to Richmond here in the local pool, and are going to try to duplicate the feat this year.

After Christmas meets are scheduled with Indiana, Purdue, Hoosier Athletic Association, Wabash, Fort Wayne, and possibly Notre Dame.

KAISER STILL HOPES TO RULE OVER GERMANY

DOORN, Holland, Nov. 11.—Armistice Day, which concludes nine years of European peace, finds the former German kaiser still clinging to the slender hope that the Hohenzollerns may some day rule again in all their glory over Germany, according to reports among persons who have come in contact with the one-time war lord.

The former Kaiser has not been well and those who have seen him recently say that his once soldierly form is bent with age and worry. It is said that his illness has been mental, to some extent, as well as physical. However, he is in better health at present.

William ponders a great deal over the past, especially over the collapse of his throne and his enforced exile. He is reported to have said to a visitor in a confidential chat:

"I shall return. Of course I shall return. Germany is like a fatherless child without me."

But he added quickly: "I am happy here. I plan only for peace. It is quiet here and I am recovering from an illness."

WOMEN CHURCH WORKERS SCALDED BY LIVE STEAM

The victims were: Mrs. Irene Williams, 30; Mrs. Lydia Mathews, 50; Mrs. Millie Kee, 37; Mrs. Walter Brevard, 36. All were severely scalded about the face and arms. Cause of the explosion had not been determined today. It was believed the boiler went dry.

TETANUS AFTER WOUND FATAL TO ELWOOD BOY

INDIANAPOLIS, Nov. 11.—William Evans, 13-year-old Elwood boy, died at the Robert Long hospital yesterday afternoon of tetanus, which developed from a bullet wound in his hand. The lad was playing with a toy pistol in his home last week when it was accidentally discharged. He was brought to Indianapolis Tuesday when the wound, took a serious turn through the development of tetanus.

TEACHING PROFESSION IS NOT CROWDED

BLOOMINGTON, Ind., Nov. 11.—(INS)—The teaching field in Indiana and throughout the country is not crowded, and there are plenty of opportunities, according to a statement issued by Dr. H. L. Smith, dean of the school of education at Indiana university.

Although there are 5,000 licensed teachers in the state who do not now have positions, most of them are married, have entered business, or are otherwise engaged in pursuits which make teaching positions undesirable for them, according to Dr. Smith.

Students desiring to enroll in teach

ing courses will find ample room in the field, Dr. Smith said, because of a new ruling demanding a first grade license, obtained through a four year education course, for teachers in all high schools in the state.

The number of students entering courses at Indiana university, which is in excess of previous years, was cited by Dr. Smith in support of the contention that teaching, as a profession, still proves attractive.

FLOYD TOWNSHIP HOME ECONOMIC CLUB MEETS

The Floyd Township Home Economics Club met with Mrs. Laura Wright, Wednesday, Nov. 9. There was a large attendance. The lesson was on hot noon lunch for school children.

The President, Mrs. King, invited the visitors to come into the club and there were three who responded, Mrs. Mary Lawson, Mrs. Ethel Lawson and Mrs. Valeria Layne.

The next meeting to be with Mrs. Ona Mead, Dec. 14.

Baltzell was elected a member of the Indiana Methodist hospital executive committee by the board of directors yesterday afternoon, it was announced last night by Arthur V. Brown, Chairman of the board. The Methodist hospital board operates four hospitals in Indiana. Other members of the executive committee are Mr. Brown, Arthur R. Baxter, Dr. J. W. McFall, J. M. France, 30 years old, of Indianapolis is suffering from minor bruises following an automobile collision west of Crawfordsville at noon today. Gentry sustained a fractured skull and France was cut about the legs. Gentry was brought to Culver hospital here where attendants have little hope for his recovery. France told police that Gentry was driving on the wrong side of the road and that he was unable to avoid the collision. Both cars were wrecked.

SIX INDIANA HARBOR CONSTABLES ARE HEAVILY FINED IN HAMMOND COURT

HAMMOND, Ind., Nov. 11.—(INS)—Six Indiana Harbor constables who were not satisfied with the way the Hammond police department conducted affairs and who came here heavily armed to conduct a series of raids were found guilty in Hammond city court of carrying weapons and inciting riot. The men were heavily fined.

Those arrested and found guilty were John Pearson, Arthur Grayson, Elmer Halmay, Marcus Solomon, Stephen Honicki and Gordon Pryor.

HOLIDAYS TO BRING
MANY LIQUOR DEATHS

WASHINGTON, Nov. 12.—Another heavy toll of poison liquor deaths in the approaching Thanksgiving and Christmas holiday season is confidently expected by officials of the Federal Prohibition Bureau.

"But the deaths can't be laid at the door of the treasury department, on the ground that the government is enforcing the prohibition law by use of deadly poisons," Dr. J. M. Doran, dry chief, told International News Service today.

"Yes, there will be those who die from drinking but the casualties will result from raw moonshine and from over-indulgence—not from the denaturing elements that are placed in industrial alcohol to prevent its diversion."

Since last Christmas, when an epidemic of drinking party fatalities swept the big cities and aroused a strong congressional protest against government-poisoned liquor, the treasury has materially reduced the poisonous denaturing concoctions put into alcohol.

Pyridine, a dangerous poison, used as the chief denaturant a year ago, was banned on instructions of Secretary Mellon who ordered the prohibition bureau to seek formulas, just as effective but less dangerous. Alcohol, a Petroleum product with a taste and odor like burnt crank case oil, was the answer.

The new formula went into effect last April. Despite efforts of high priced bootleg chemists and research in many illicit laboratories, the rum trust so far has failed to distill the oil taste out of alcohol denatured under the new system, according to Doran.

The government still uses four percent of wood alcohol, along with the other denaturant, but this volume is not considered deadly unless taken in unusual quantities. Chemists believe that it will be possible to eliminate all wood alcohol without decreasing the value of the formula.

Prohibition administrators have been warned to take unusual steps to suppress moonshining and diversions of alcohol during the Christmas season. The government is out for a "Safe and Sane" Christmas.

Doran issued a warning that up-to-date moonshine, produced under unsanitary conditions and by men unfamiliar with distilling, virtually is as poisonous as the old time denatured alcohol. Large quantities often time spell death or blindness.

WILMER ALBIN HURT WHEN
CAR IS TURNED OVER

Wilmer Albin, east Washington street road, suffered cuts and bruises about 5 o'clock Friday evening when the Buick touring car which he was driving turned over on a curve on the Fillmore road near the Charles Zeis farm.

Coming suddenly upon a school bus which was halted at the curve while the driver repaired a puncture, Albin was forced to swing wide and the car overturned. The car was almost a total wreck but fortunately the driver escaped with scratches and bruises.

Wilmer Albin is a son of Paul Albin, and with his brother Clair Albin operates the Albin dairy, northeast of town.

RED CROSS ROLL CALL OPENS HERE WITHOUT LEADER

The annual Red Cross Roll call, which opens annually throughout the United States on Armistice Day, celebrated Friday, November 11, found Putnam County without a Red Cross chairman or leader.

B. W. Kelly, resigned superintendent of the Greencastle Schools, former Red Cross chairman automatically relinquished the chairmanship when he removed from the city last August.

According to Roy Abrams, secretary of the Putnam County Red Cross, the board of directors of the organization expect to meet soon to name a chairman for this county after which the county organization will be formed for the annual Red Cross Roll Call in this county.

There are four kinds of memberships through which the public may support the Red Cross. The annual membership costing one dollar is emphasized as important because the Red Cross desires as many members as possible. The contributing membership costing \$5.00; the sustaining membership cost \$10 and the support ing membership costs \$25.

STORM DOES DAMAGE HERE FRIDAY NIGHT

Following a rainfall totalling one-half an inch accompanied by a wind of cyclonic proportions and a severe electrical storm, the temperature here Friday night dropped from a mark of 75 degrees Friday to 29 degrees Friday night, according to records kept at the city fire department.

The storm rode in on a high wind following a day of springlike temperature. Rain came down in sheets and the wind did considerable damage. Numerous electric light wires were torn from their moorings and sections of the city plunged into darkness. No great amount of damage from fallen limbs or broken wires was reported, however.

PLEAD NOT GUILTY TO GAME CHARGE

Charged with hunting without a license John Hecka thorn and Otis Perkins, both of near Clayton, will be tried in city court Thursday, November 17, before Mayor Charles McGaughey. Both men were released Friday under bond of \$50.

Heckathorn and Perkins were arrested by Game wardens Watson and Pyle and arraigned in city court where they pleaded not guilty. Their defense was that they had been trading guns and were not hunting. One carried a single barrel shotgun and the other a .22 calibre automatic rifle.

OTHER TOWNS TO HAVE THE DOUGHBOY

The Spencer Evening World Friday said: The Chicago Tribune of Thursday carried a beautiful picture of the Doughboy monument that is being unveiled there today. The memorial erected by the Associated Kiwanis Clubs of Chicago is a statue of the "Spirit of the American Doughboy" by outh local sculptor E. M. Viquesney and the pedestal is an unusual one in that it is arranged from a mass of rough stones and boulders roughly laid on one another in the form of a rocky ledge, over which the Doughboy is charging with his upraised right hand. The fact that this is the only statue of a private soldier ever erected in Lincoln Park, Chicago, makes the honor more than ever remarkable and Spencer and the community generally are proud of the fact that this is the "Home of the Doughboy" and the residence also of the "Daddy of the Doughboy," E. M. Viquesney.

Attica, Ind., is unveiling one of the Viquesney Doughboys today; Greencastle could not get their ready in time so it will be unveiled later. A monster celebration will take up the entire day at Clearwater, Fla., where a Viquesney Doughboy and Sailor also will be unveiled. At Palatka, Fla., two Doughboys will be unveiled and also at Fostoria, O., Lufkin, Texas, Bellevue, O., and several other points.

Mr. Viquesney's new sailor statue, a companion piece to the Doughboy, is now being made up and is pronounced by art critics as a fitting companion statue to the Doughboy.

BONUS TIME LIMIT NEARS

Attention is directed by the United States Veterans' Bureau to the fact that there are a great number of veterans who have not claimed benefits under the "World War Bonus Law."

They may lose the benefits to which they are entitled by failing to make a proper claim within the time set by law. According to the act, application for its benefits must be made by Jan. 1, 1928.

In addition to the veterans who have not made claim, there are many widows, minor children and dependent parents of veterans who have died, who may be entitled to help.

Persons interested should investigate through the American Legion, the Veterans of Foreign Wars, the American Red Cross, or the United States Veterans' Bureau. They will be assisted in making their claims for any benefits that may be due them, before the final date arrives.

WIRES DOWN, GREENCASTLE DARK FOR MORE THAN HOUR

As the result of the terrific wind and storm, early last evening, wires of the Putnam Electric Company, in several places in the city, were blown down. Because of the heavy rain and wind, which made it extremely dangerous to the linemen and citizens, the management of the company ordered current cut off during the time required to make the repairs. As the result lights in several portions of the town were cut for periods of from 30 minutes to more than an hour.

TIGER CUBS LOSE GAME BY 7-6 SCORE

Losing their second game in two weeks by the score of 7-6 was the unfortunate luck of the Greencastle High School Tiger Cub football team at Kirklin Friday afternoon. Scoring a touchdown in the opening quarter the Cubs failed to kick goal while a Kirklin touchdown in the third quarter, was followed by a successfully kicked goal.

Although outweighed, the Tiger Cubs elicited the praise of the Kirklin fans and others who saw the game. Kirklin has a splendid record this year, having defeated the Thorntown eleven 19-0 and the Elwood eleven 19-7. Out of six teams that have played Kirklin this year only Greencastle and Elwood succeeded in scoring a touchdown.

The Tiger Cubs retained possession of the ball during most of the game and consistently made gains. A high wind interfered with the Greencastle passing game, however, and this handicapped the local athletes to a great extent.

The Cubs scored their touchdown in the opening quarter when a pass from Tobin to Paris was successfully completed. Not until the third quarter did Kirklin score. The touchdown was made on an off-tackle run of 40 yards. It was the only time the Kirklin eleven got within 20 yards of their goal.

For the Tiger Cubs Paris, full back and Gasaway and Kerr in the line, played the best game. The remainder of the Tiger Cub lineup was as usual.

The loss Friday gives the Cubs a "batting" average of .500 for the year, the eleven having won four games and lost four.

DIVORCESUIT CASE IS SETTLED WITHOUT TRIAL

What promised to be a bitterly fought and sensational divorce suit was halted Monday morning, when attorneys representing Jacob Huffman and his wife, Lizzie Huffman, of Floyd township, arranged a settlement of the case outside of court. Under the agreement the couple are divorced, Mrs. Huffman gets \$4,000 and some household goods and personal property, and the son is to be in the custody of each the father and the mother. Mr. Huffman pays Mrs. Huffman's attorney fees and court costs. Each pays their own witness fees. Each will have the child every other month.

Mrs. Huffman first filed a suit for divorce, charging cruel and inhuman treatment. The suit was filed by Hays & Murphy, James & Allee then filed a cross complaint for Mrs. Huffman, asking that she be given the decree. She also charged cruel and inhuman treatment.

More than forty witnesses had been summoned to testify in the trial today but before the trial started an agreement was reached.

8 DEAD; 12 HURT FIRE TOLL AT CAPITAL CITY

INDIANAPOLIS, Nov. 14.—(INS)—Six separate probes which may lead to a grand jury investigation were under way here today to determine the criminal liability for the Graystone apartment hotel fire horror in which eight persons lost their lives and twelve were injured early Sunday morning. A cigaret carelessly tossed into trash can on the elevator was believed to have started the blaze.

The dead were:
MRS. ERNA BUSSELLE, 41.
MISS ELIZABETH BUSSELLE, 17.

MISS ALICE FURR, 48.
RUTH RAWLINS, 9.
MISS STELLA KIMBERLING, 45.
ROY ZIMMERMAN, 37.
MRS. JESSIE P. CAMPBELL, 38.
MISS CLARA ALLEN, 54.

Coroner C. H. Keever said he would open his inquest into the deaths of the eight victims this morning.

The coroner charged that the building was a "tinder box", had been unsafe and that safety equipment had been lacking.

The blaze was discovered early Sunday morning when it had already turned the elevator shaft into a fiery furnace. The fire doors on the second and third floor were not closed and the fire and smoke surged into the hallways.

Most of the victims, an investigation showed, dashed into the hallway on the third floor and were suffocated and their bodies burned later. Seven lost their lives outright and the eighth victim died later in the City Hospital. Six of the bodies were badly burned, that of Miss Allen not being identified until last night.

Fire Chief Hutsell expressed the opinion that if the victims had not become panic stricken and had remained in their rooms there might not have been any lives lost.

The damage to the building was not estimated at more than \$7,000 according to Fire Chief Hutsell.

The building is located at 239 north Illinois street, across the street from the Colonial Hotel and the Y. M. C. A. and is in the heart of the downtown district.

Firemen removed nearly fifty residents of the structure through windows. Three city firemen were among the twelve injured. One of these, William H. Weishaar was reported to be in a critical condition at the City Hospital today and may die.

CRAWFORDSVILLE CLEARING HOUSE FOR STOLEN DOGS

REVIEW SAYS CITY DOESN'T LIKE REPUTATION AS "HOT DOG STAND"—LOCAL MEN REPORT LOSS OF VALUABLE CANNINES

The Crawfordsville Review in part Wednesday says: Crawfordsville, which has a number of claims for fame has sprung to the fore recently in a new capacity, according to the local police department. The city of late has come to be regarded throughout the state as a clearing house for stolen dogs, the officers say.

Dog stealing has become a most thriving and lucrative activity in the past few months and many valuable animals have been stolen in different parts of the state. The fact that a large number of them have been traced to this city and a number of them recovered here, has earned for Crawfordsville the rather unsavory reputation, among state police circles of being "first base."

A number of valuable stolen dogs have been traced here recently. A Brazil thief led to the arrest of two local men who are in the Clay county jail facing grand larceny charges. The dogs were recovered here.

Watch is being kept here for valuable dogs stolen from Kokomo and Atlanta, Ind. Clarence Shillings, of Greencastle, lost four valuable fox hounds when thieves visited his home; Fred Jackson, also of Greencastle reported the theft of a fine dog and John Sutherland, of Mt. Meridian is another loser. All of these thefts are being investigated here.

In police vernacular a stolen automobile is a "hot car." By the same token it is supposed, a stolen dog

HARDWOOD HITS

Tomorrow night at 8 o'clock the lid will be off. We mean the basketball lid. It's too cold to take off any other kind of a lid. Tiger Cubs versus Roachdale.

Don't forget the Tiger Cub Juniors will be on hand to play the Roachdale Seconds at 7 o'clock.

Greencastle intends to make its opening game of the basketball season Friday night the most auspicious of the year. Not for several years have Roachdale and Greencastle met outside of county or sectional tournaments. The old rivalry between Bainbridge and Greencastle used to attract the biggest crowds of the season. Perhaps the Greencastle-Roachdale games will be just as attractive.

K. R. Umfleet, director of music in the city schools, has announced that the Greencastle high school band will be on hand to lend its musical support and entertainment to the occasion. High school yell leaders will also lead the Tiger Cub hardwood rooters in their first vocal effort of the season.

If you can't come early, come late. There are plenty of seats. Principal F. L. Busenburg and his assistants will be on hand to sell you either a reserved season ticket or single session ticket. If you buy a season ticket you will be assured of an excellent reserved seat at all ten Tiger Cub home games.

While the Tiger Cubs may be slightly disorganized Friday night the probable starting lineup will include Lear, Masten, Brown, Longden and Gene Crawley. Other first string men will include Freddie Masten, Gasaway, Alexander, Elvin Crawley, Kerr and Sears.

A Roachdale contributor to the Crawfordsville Review says: "The Roachdale net tossers will journey to Greencastle Friday evening to take on the quintet of that place. R. H. S. has been going fine so far this season with two games on the win side and but one lost. We are represented by a strong team with every regular returned from last years squad but one. Lane, Golden and Cline are doing well to date, with the other men working hard for a place on the five."

"Miller, a husky guard will be available soon. Cox will also report. With these two men, in addition to the regular quintet, prospects for a successful season are more than bright. Watch us closely as the season gets under way. Students as well as the team have fine spirit."

"Roachdale High School Fan."

In looking over our attractions for the week end it appears that the Fillmore-Cloverdale tussle at Cloverdale Friday night should receive some attention. Those Fillmore boys under the tutelage of E. Dewey Nelson are

proving dark horses as shown by their overwhelming defeat of Reelsville last week. We predict they make things extremely interesting for the Cochenour boys.

The only home game Saturday night is the Montezuma and Bainbridge contest at Bainbridge. Having recovered financially from our previous trip to Bainbridge perhaps we will get an opportunity to see this tilt. We like those Bainbridge boys and every time we think about the coming spring tournaments and the Greencastle high school Tiger Cub chances with Bainbridge we get shaky. With their present comparative lineups we think Bainbridge is about 15 points better than the Tiger Cubs. But time will tell. The Cubs are just starting and Bainbridge has been playing for three weeks.

City fireman Bryce Brown was exhibiting a splendid coon hide today which he captured in a coon hunt Wednesday night.

WOODSON AND PAUL DARNELL WHO OPERATE ELEVATOR AT COATESVILLE LEAVE MOTOR RUNNING—MACHINE COASTS IN FRONT OF FAST TRAIN

This is a story with a moral. The moral is "Have a sweet-running motor but stay behind the wheel."

Wednesday, Woodson Darnell and Paul Darnell, brothers of Bainbridge, operators of an elevator at Coatesville, drove the Ford truck to Coatesville, but left the machine in front of a store with the motor running.

While they were in the store the Ford clutch became engaged and the vehicle started down Main street without a driver. It reached the Pennsylvania railroad crossing on Main streets at the same time that a fast Pennsylvania train did. The train didn't stop.

Now the Darnell Brothers are advising all their friends to stop their motor when they leave their cars without a driver.

SAYS SHUMAKER THREATENED; AID WAS REFUSED

SENATOR JAMES E. WATSON IN EVIDENCE GIVEN IN WASHINGTON TODAY SAYS THAT INDIANA ANTI-SALOON LEAGUE HEAD SAID HE WOULD HOLD SENATOR RESPONSIBLE IF AID WAS NOT FORTHCOMING

International News Service WASHINGTON, D. C., Nov. 17.—

E. S. Shumaker, head of the Indiana anti-saloon league attempted to bring political influences to his aid in the case for contempt in which he was fined and sentenced to serve a term in the state penal farm, according to evidence given here today by Senator James E. Watson, in a deposition taken by Arthur L. Gilliom, Indiana Attorney General.

Senator Watson said that Mr. Shumaker told him that he (Senator Watson) and the State Republican organization would be held responsible for the conviction of Shumaker, and that Mr. Shumaker would use his influence with the Indiana Methodist Church and Anti-saloon league to defeat Watson, if assistance was not given.

Henry Lane Wilson, former ambassador to Mexico substantiated the evidence of Mr. Watson and said that when threatened by Mr. Shumaker, Senator Watson told him to do his "damndest."
